Frequently Asked Questions about the PTO Amazon Fundraiser

Q. Where can I find the PTO link?

A. The PTO Amazon link can be found on the Hughes home webpage (www.bhpsnj.org/hughes) under Quick Links and Latest News.

Q. When I click the PTO link, will I see anything referring to Hughes PTO?

A. Unfortunately you will not see anything that identifies you as a Hughes PTO shopper. However, behind the scenes, Amazon will know that you clicked our link and will give us credit for any items shipped. (Please note: The PTO does not have any visibility into who orders or what is ordered; all of that is completely confidential. The PTO gets paid at the end of every month based on total sales).

Q. What if I forget to click on the designated PTO Amazon link prior to adding products in my cart?

A. **ORDER MATTERS** when it comes to getting credit for an Amazon purchase. You need to click on the link, shop, and check out in that order. If you click on the PTO link and there are items already in your cart chances are your sale will not earn us funds. You should delete those items and then start over using the PTO link.

Q. What if I start adding items to my cart, walk away, and continue processing my order at a later time?

A. **THE CLOCK MATTERS!** You have **24 hours** from when you click on the PTO Amazon link to place items in your cart and then check out. If 24 hours elapses, you will need to link again.

Q. How much can the PTO earn through their Amazon link?

A. The potential earnings are unlimited. The amount we can earn ranges from 4% to 10%, depending on what is purchased and the total items shipped for the calendar month. The purchase price excludes costs for shipping, handling, taxes, service charges, rebates, credit card processing fees, and returns. In some cases, there is a monthly cap on the reward amount a school can receive for any one shipment, notably for personal computers.
