Dear Families and Staff;

Just this evening we were notified of an additional student who tested positive for COVID-19 and attends Mountain Park Elementary School. This student was in school last week and may have come into contact with multiple staff and students. Therefore, Mountain Park will go remote for Monday and Tuesday while we ascertain the level of close contact the student has had with the school population. Please understand that if the student has been in contact with multiple individuals, there is a possibility that Mountain Park will need to go remote for the next two weeks. We will notify you of this decision as soon as possible. As a reminder, any students or staff who are determined to have been exposed will be contacted directly and advised of next steps.

Thank you for your understanding as we continue to navigate this pandemic.

Sincerely,

Dr. Melissa Varley
