

Good morning,

Yesterday was the first day we welcomed back all students grades 1-12 for in-person learning. It was wonderful to see our students back in the building! Thank you for your patience as we work through getting everyone back in. We are evaluating this process with an eye towards a return to all students returning to full day with lunch. I want to give a special thank you to our staff for their dedication and professionalism through each and every step over the course of the past year.

We took the questions about Full Day Kindergarten that we have received via email and those from the April 8th Board of Education meeting and added them to this [FAQ document](#). By no means do we think that this FAQ contains all the answers. However, in order to make the listening sessions and the April 29th BOE meeting as productive as possible I would ask that you review the FAQ document to see if it contains the answers to your questions.

At the April 8th BOE meeting we received a number of questions concerning the impact of Full Day Kindergarten and reimagining the district regarding Special Education. Please find Ms. Gardner's statement [HERE](#).

We look forward to hearing your feedback on April 14th at our Town Hall Forum.

I'm happy to say that in our COVID update, we have no new cases from over the weekend.

Sincerely,

Dr. Melissa Varley
Superintendent of Schools
