Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

Student Group	ELA: School Median	ELA: District Median	ELA: Statewide Median	ELA: Met Standard (40-59.5)	Math: School Median	Math: District Median	Math: Statewide Median	Math: Met Standard (40-59.5)

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grade 5, grade 8, and grade 11 were administered the NJSLA-Science field test in 2017-18.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

Removal Type	Number of Students	Percent of Students
In-School Suspensions	0	0.0%
Out-of-School Suspensions	*	*

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	8:10 AM
Typical End Time	3:00 PM
Length of School Day	6 Hrs 50 Mins
Full Time - Instructional Time	6 Hrs 12 Mins
Shared Time - Instructional Time	N

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio
2017-18	1:1

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' [User Friendly Budgets](#), or the NJDOE Finance [District Report Search](#) of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Score	Weight
English Language Arts Proficiency	88.92	17.5%
Mathematics Proficiency	89.28	17.5%
English Language Arts Growth	72.87	25.0%
Mathematics Growth	71.39	25.0%
Progress Towards English Language Proficiency (coming 2018)	**	**
Chronic Absenteeism	58.39	15.0%
Summative Score: Sum of all indicator scores multiplied by indicator weights	76.01	n/a
Summative Rating: Percentile rank of Summative Score	86.91	n/a
Requires Comprehensive Support: Summative Score is in the bottom 5th percentile	No	n/a

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Support will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

Courses, Curriculum,
Instruction:

The middle school curriculum offers challenging opportunities to all students who have an equal opportunity for success in this technological age. A unique “rotate and drop” schedule provides ample time for a rigorous core program in Language Arts, Mathematics, Science, and Social Studies. The schedule includes an Enrichment Period which allows students access to the school labs, to meet with teachers, or schedule peer groups for study or leadership.

Sports and Athletics:

Sports Offered: Baseball (Boys), Basketball (Boys & Girls), Cheerleading (Coed), Cross Country (Coed), Golf (Coed), Soccer (Boys & Girls), Softball (Girls), Wrestling (Boys)

Aside from the sports listed, Cross-Country and Golf are offered as intramural programs. A ski club is a partnership with the local YMCA.

Clubs and Activities:

Clubs at Columbia Middle School offer a wide array of choices that reflect the variety of passions that students bring to school each day. A film maker's club, forensics, robotics, and TWIST – a club for young women with interest in science and technology are but a few of the more unique offerings. Artists, writers, poets, and photographers, as well as student athletes can all find a club of interest. Even snow skiers can participate through a partnership with the local YMCA.

Staff and Professional Learning:

The Berkeley Heights School District offers a plethora of professional development for all staff in order to keep up with the latest technology and changes in curriculum. Advanced district technology (1:1 iPad environment) keeps students and teachers connected through the use of Google Classroom. Both Math and Language Arts include extra courses that are technology-based. Common planning time allows for collaboration among staff members to share new ideas and learning on a regular basis.

Student Supports and Services:

Support for the individual child, which includes Intervention and Referral Services, is augmented by separate support classes in Math and Reading. Enrichment opportunities as well as advanced placement courses provide the full range of needs for a middle school student in the twenty-first century. If necessary, the middle school will allow online classes for advanced mathematics.

Student Health and Wellness:

Physical Education and Health Education are regular rotations in each student's schedule. A yoga program during lunch includes instruction in mindfulness. Guidance lessons are an extension of the wellness program.

Parent and Community Involvement:

Our Parent-Teacher Organization (PTO) is very effective. Through this partnership, the PTO sponsors assemblies that promote character education as well as programs of interest that are curriculum-based. The Berkeley Heights Education Foundation provides grants each year to expand technology or to pilot a program proposed by one of our teachers.

 <p>Climate Surveys:</p>	<p>Is a Climate Survey Used: Yes; Who is surveyed: Students, Teachers</p> <p>Each year students at Columbia Middle School are offered a climate survey by the administration to gauge student comfort, school safety, and to promote positive student/staff relationships. Through this survey students can influence various aspects of student life, which includes Advisory, clubs, lunch offerings, access to technology and the development of special weeks such as Autism Week, now a regular part of the CMS Calendar. Peer Leadership groups are robust and influential as well.</p>

 <p>School Safety:</p>	<p>Over the past several years, the district has made a significant commitment to improving school safety and security. The district has provided more secure entrances, employed a key card entry system, updated school visitor procedures, worked with school security consultants, employed multiple Class 3 officers, and maintain a positive and visible working relationship with local law enforcement. Out district school safety teams continue to research and evaluate best practices for students and staff.</p>

Other Information:

A typical students' schedule includes choice of electives as well as opportunities in advanced courses. Afterschool activities include world language clubs, seven sports, two club sports, along with 20+ other clubs available through the year. Many students enjoy working with our grade level counselors in peer leadership groups, whose responsibilities include assisting fifth grade with orientation. Student led guidance lessons are brought to the elementary schools as well where we promote the middle school's character education program (S.T.R.I.P.E.S.) The rotate and drop schedule earns high marks from students who share that "When my classes drop, I take advantage of the Enrichment Period during lunch to meet with my teachers and I'm much better prepared the next day." Because of the programs offered at Columbia Middle School, our students have excelled by: – Scoring better than students statewide and in communities similar to Berkeley Heights on the New Jersey Student Learning Assessment – Science (NJSLA-S) – Having students receive recognition for their success in writing at the county, state, and national level – Achieving a 90% participation rate in our co-curricular and sports programs – Inviting senior citizen reading groups into the building for shared Literary Lunches – Actively participating in community service projects such as food drives and clothing collections. When we speak to students about "Earning Your Tiger Stripes", we are encouraging success in the classroom, growth in character, and becoming an active participant in the process, all while showing respect to the other members of the school community.
