

Fri, Jan 15, 2021

Good afternoon,

We have an upcoming long weekend in celebration of Martin Luther King, Jr. I want to take a moment to remind you of the Berkeley Heights Diversity Council MLK Day Event coming up on Monday, January 18th. You can find more information [here](#).

Never has there been a time in my life when there has been a greater need for us to reflect upon the life and message of Dr. Martin Luther King Jr. It has been over 50 years since his assassination and we, as a nation, are still not equitable. Although this day is dedicated to Dr. King, and we honor his legacy through service, it is also important for us to remember that although Dr. King led the Civil Rights movement, the movement itself was driven forward by ordinary people, like you and me, who spoke out against injustice and inequality. We owe it to our children to continue the struggle until we can proclaim that all people are judged solely on the content of their character.

In our Covid related news, our high school cases seem to be leveling off. Just a reminder to keep your gatherings small.

New Cases (since 1/13 update)		
School	Staff/Student	Result
Woodruff	1 Staff Member	Last day in School 12/23 No in-school exposure
GLHS	11 Students	No in-school exposure

Have a restful and relaxing weekend.

Sincerely,

Dr. Melissa Varley
