Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Facilities:

Hamilton Terrace School first opened in 1961 before becoming the Early Childhood Center at Hamilton Terrace in 1997. Renamed Mary Kay McMillin Early Childhood Center in 2009 in honor of the school's first Principal, Mary Kay McMillin. In 2005, a grant funded the installation of an outdoor classroom. In 2016, our PTO provided funding for the installation of classroom air conditioners. In 2017, safety vestibules were installed.

School Safety:

Over the past several years, the district has made a significant commitment to improving school safety and security. The district has provided more secure entrances, employed a key card entry system, updated school visitor procedures, worked with school security consultants, employed multiple Class 3 officers, and maintain a positive and visible working relationship with local law enforcement. Out district school safety teams continue to research and evaluate best practices for students and staff.

Other Information:

The Early Child Center is a safe and nurturing environment that allows all students — regardless of their perceived strengths and weaknesses - to explore the world around them, and to become the best versions of themselves. The staff is steadfast in its commitment that all students acquire the foundational skills necessary for later learning and providing a developmentally-appropriate program in which children navigate what it means to be a part of a classroom and the broader school community. Individual classrooms may vary in environmental arrangement and program features according to individual teaching styles and the needs as well as interests of the children.
