Meeting ID: 852 4548 0166

Passcode: 973412

We will begin our presentation with an overview of our programming, an introduction to the administrative team, and some insight into how our school counseling department will support your student. After that, we will be joined by our subject area supervisors who will share an in-depth view of the extensive academic program at Governor Livingston High School.

For your information, there are additional programs which will occur throughout the year in order to support interest in and transition to Governor Livingston High School. At this time, we have planned them in our traditional format, but will be prepared to modify our offerings in order to follow the necessary health and safety protocols.

- On January 22nd, we will host our Open House Event. On this day, we will provide a brief information session and members of our student body will conduct tours of the building.
- A Parent Orientation and High School Scheduling meeting, provided by the Governor Livingston Counseling Department, will occur on January 25th. Here, parents and students will be provided with the Program of Studies and will be introduced to the scheduling process.
- High School Visitation for eighth grade students will take place during the school day on April 7th. On that day, students will be directed through a series of presentations and classroom visits that will provide some initial exposure to student life at the high school level. Students will be bused to the high school from the two middle schools and will spend approximately two hours in the building.

We look forward to meeting all of you on October 13th as we begin to welcome the GLHS Highlander Class of 2026!

Sincerely,

Robert B. Nixon, Jr.
