

Socratic

Student Tutorial

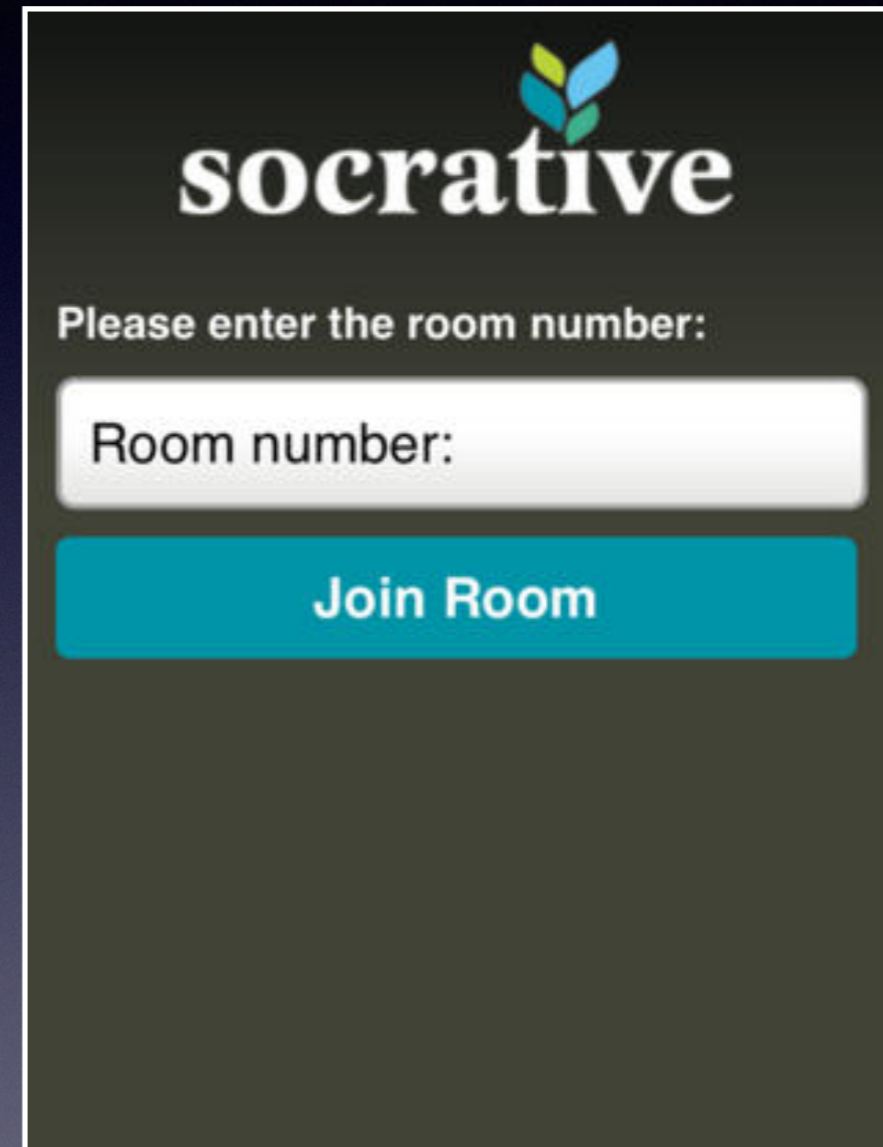

Socrative Student

- Socrative is a student response system that teachers can use to engage their students in a series of educational activities where students can input information through the use of a wireless device like the iPad.

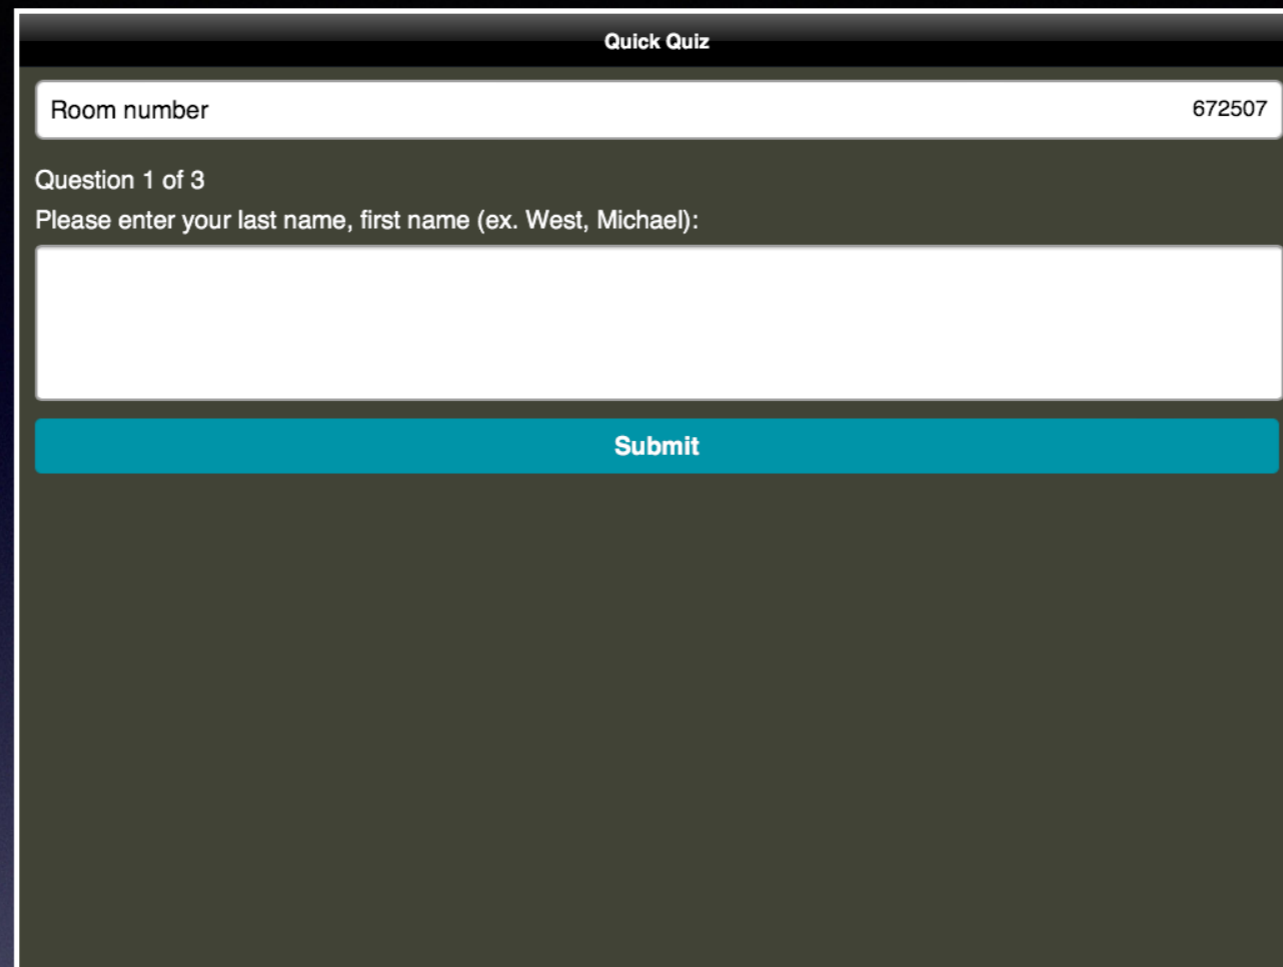

How to use Socrative

- Start the Socrative app
- Your teacher will provide you with a room number to enter and then you join the room.

The screenshot shows the Socrative app interface. At the top, the Socrative logo is displayed, featuring a stylized leaf icon above the word "socrative" in a lowercase, sans-serif font. Below the logo, the text "Please enter the room number:" is displayed. Underneath this text is a white input field with the placeholder text "Room number:". Below the input field is a large, teal-colored button with the text "Join Room" in white, centered on the button.

Taking a Socrative Quiz

Quick Quiz

Room number 672507

Question 1 of 3

Please enter your last name, first name (ex. West, Michael):

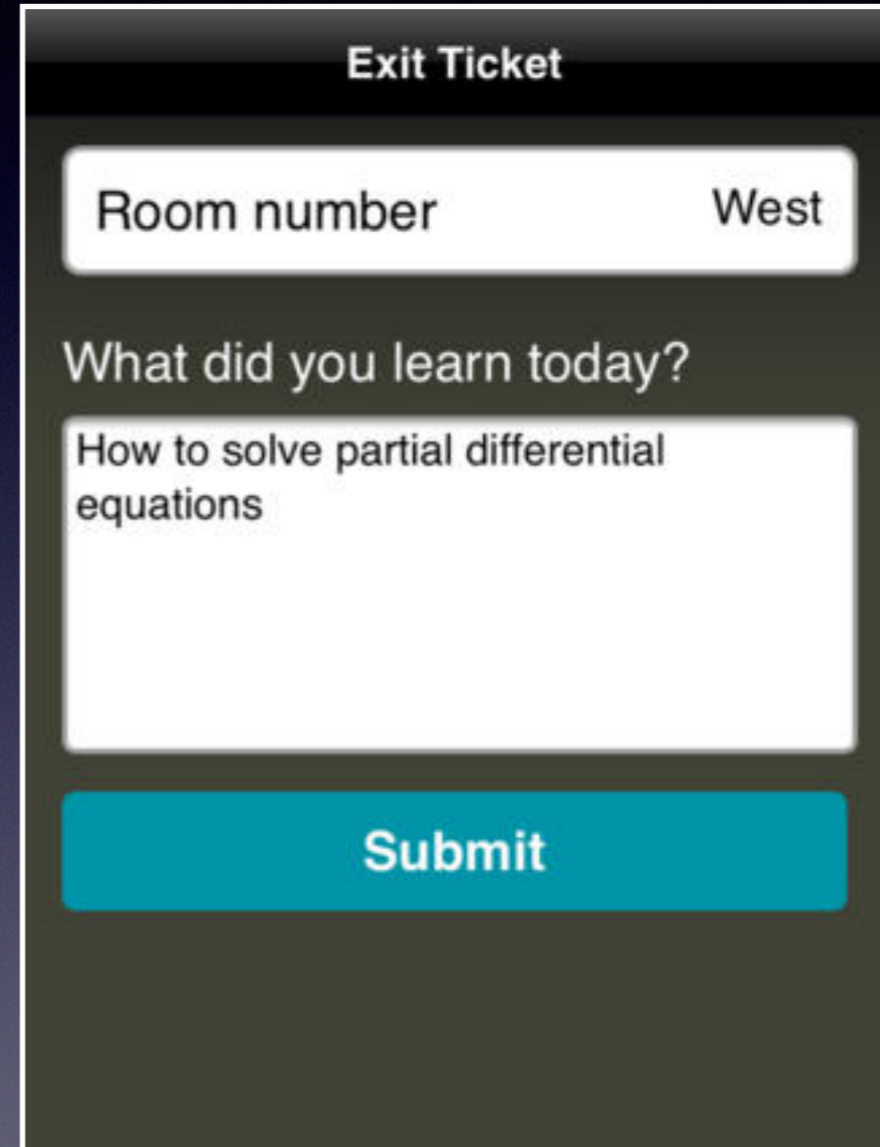

Submit

One of the first questions you may be asked is to enter your name.

Once you enter this you click submit.

Open Ended Questions

- Some questions will require you to type in a response to a specific question.

The image shows a mobile application interface for an 'Exit Ticket'. At the top, the title 'Exit Ticket' is displayed in white on a dark background. Below the title, there is a text input field with the label 'Room number' and the value 'West'. Underneath this field is the question 'What did you learn today?'. Below the question is a larger text input field containing the text 'How to solve partial differential equations'. At the bottom of the form is a prominent teal button with the word 'Submit' written in white.

Multiple Choice Questions

- Multiple choice questions are answered by selecting the choice you feel best answers the question provided
- You will receive feedback immediately

Room number 672507

Question 2 of 3
In the equation $y=mx+b$, b represents:

the slope

none of the above

the x - intercept

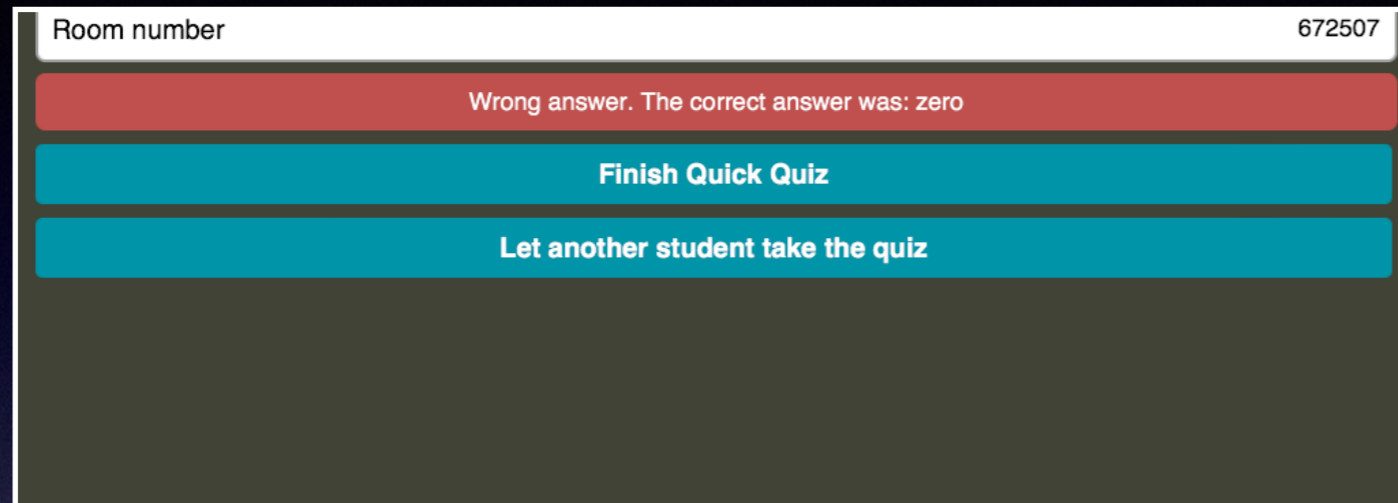

the y - intercept

Room number 672507

Good job, you got the right answer!

Next Question

Completing a Quiz

- When you have answered the final question in a quiz you will select Finish Quiz
- Notice if you answer a question incorrectly, the correct answer is displayed right after the question is completed.

Once a Quiz is Done

When you finish your quiz, the answers you provided can be reviewed by your teacher. You may see this displayed while other students are still finishing the quiz.
