

# Thomas P. Hughes School

*News for Families*

April 16, 2021

- Thank you for helping keep our school safe and open. Union County is still in the “orange” high risk Covid category, so we are required to enforce a 14 day quarantine for first contacts. Please continue to follow social distancing and mask guidelines to help mitigate risk.
- It is almost time for me to start the process of creating new classes for next year. As you may know, this is a task I take very seriously. **Please read [this letter](#) for important details.**
- Grade 5 Parents: For your planning purposes, we will definitely be hosting some sort of promotion ceremony for the fifth graders on the morning of June 16th. Details to follow!
- Hughes will be hosting a modified outdoor “Invention Convention” in May. It is a chance for students to create their own invention. This invention can be almost anything – a new game or toy, organizing tool, recycling ideas, jewelry, LEGO model, a way to make chores easier, a way to improve the environment, sports equipment, ANYTHING! Additional details will be coming next week, but I wanted to give our young inventors ample time to start planning their creations!
- April 22 is “Take Your Child to Work Day.” If your child will not be at school that day, please let the office know ASAP.
- Flyers for community based events can be found on the district website. [This](#) is the link.
