## Online Services from the Library: Phone Apps and Downloadable Books

### FREE PHONE APP:

You can now search the BHPL catalog on your Android phone, iPhone, iPod Touch or iPad with the free BHPL app! The BHPL app for the Kindle Fire is coming soon.

If "all thumbs" means "clumsy" to you, not "an efficient method of typing on your phone", you're going to love the app's truncated search. You only have to type in the first few letters of each keyword. For example, "ja ke on" will find everything we have on Jacqueline Kennedy Onassis.

- Search the library's magazine and journal article databases.
- Check your account.
- Renew your books.
- Look at what items are new this week.

### FREE DOWNLOADABLE BOOKS:

Ebooks and e-audiobooks are available free from eLibraryNJ

eLibraryNJ downloads are compatible with Nook, Kindle, Sony Reader, Kobo, Android, iPhone, iPad, iTouch and many other devices.
